

UAPRN: Shining a Light for Georgia Health

June 25, 2018

Dear Sir/Madam:

United Advanced Practice Registered Nurses (UAPRN) of Georgia and Georgia Nurses Association (GNA) has made great strides in establishing professional relationships with various businesses, organizations and academic institutions over the past few years. In our effort to further enhance our relationships, UAPRN Georgia and GNA are very proud to announce its inaugural Unity Conference being held at the Cobb Galleria Centre located at 2 Galleria Parkway Atlanta, GA 30339 on October 4th - 6th, 2018.

We want to encourage your support in attending our conference. Your business/organization and level of support will be acknowledged in our conference related literature. We also encourage you to consider being an exhibitor at our regional conference to showcase your business, as over 500 attendees are expected from Georgia and participating states. This regional conference will provide participating exhibitors the opportunity to meet with RNs, RN/APRN students, APRNs, Nurse Leaders, Nurse Executives, and Nurse Educators. Multiple vendor opportunities include:

- Exhibit booths • Meal presentations without the mandates of CEUs
- Scholarship awards • Product Branding

Further details are available at www.uaprn.org by clicking on the conference link in the left menu bar of the web page. No matter which opportunities you select, you will be able to interact with attendees from various backgrounds. UAPRN of Georgia and GNA guarantee that every effort will be made in meeting your accommodations for electrical access points for your technology, special lighting, or any other features that you may require. Please contact us at uaprnconfexhibits@gmail.com for further information.

Sincerely,

Michelle A Nelson, Ph.D. APRN, MS, FNP-BC
UAPRN State President
